

SICOMMNET'S E-PROCUREMENT SYSTEM

SICOMMNET'S AWARD WINNING E-PROCUREMENT SYSTEM LEVELS THE PLAYING FIELD FOR IDAHO BUSINESSES OF ALL SIZES.

New business opportunities, covering a huge array of products and services, are being posted on the internet at large by thousands of state and local government agencies. However, until now, only the largest of companies have had the resources to build and maintain the search and retrieval systems required to track down those opportunities.

SicommNet, the e-procurement provider for the State of Idaho, in partnership with BUY IDAHO, now provides the ability for businesses of all sizes to receive solicitations from public agencies without the need for costly search and retrieval systems. Participation requires only internet access and is immediately available online via secure internet technology. There is no specialized hardware, software or integration expense to take advantage of this service.

**State of Idaho Resident Vendors now
have access to SicommNet's premier
buying and selling e-commerce
solution at no cost**

● Enrollment in SicommNet's e-procurement system is FREE for Idaho businesses

- ◆ There is no cost to enroll in the program and receive solicitations from agencies.
- ◆ Registered vendors automatically receive email notifications of bid opportunities for the goods and services they profile for.
- ◆ Access, download and respond to solicitations online.
- ◆ Receive award notifications electronically.
- ◆ Also receive and respond to bids nationwide from 1,000+ state and local governments.
- ◆ 24-hour access to the system—respond to bids when you want to from any computer connected to the internet—no software to buy or install.
- ◆ The goal is to have Idaho businesses expand their participation in the purchasing process to include cities, counties, and school districts.

Here Are The Steps To Take Advantage of This Valuable e-Commerce Capability.

STEP 1

Go to <http://www.idahoecommerce.com>
Complete your FREE online registration

STEP 2

Begin receiving email notifications of business opportunities from the State of Idaho the following day. In addition, we also will send you opportunities from over 1,000+ public agencies.

STEP 3

Bid on these opportunities and receive contracts and awards.

STEP 4

Share your account information with the person in charge of your company's procurement. Your company's buyers can use the e-procurement capability to buy goods and services from their suppliers, as well as to receive bids from the 30,000 vendors on the system.
